Summary

Web Developer & Data Analyst with 1 year of experience in web development, UI/UX design, and Data analysis. Skilled in Power BI, Excel, Tableau, HTML, CSS, WordPress, and delivering actionable business insights through data-driven solutions.

Experience

RP IT SOLUTIONS

Web Developer

SEPT 2022 - AUG 2023, THANE

Developed and optimized responsive websites using HTML, CSS, and WordPress, implementing plugins like WooCommerce and SEO Yoast to boost performance and search rankings. Collected, processed, and analyzed website data to enhance user experience, while creating dashboards and visual reports in Power BI to support data-driven decision-making. Collaborated with cross-functional teams to align digital strategies with business goals.

TASKS EXPERTS VIRTUAL EMPLOYEE SERVICE

Web Developer

APR 2025 - AUG 2025, GHANSOLI

Designed and managed WordPress websites, including creating prototypes and sitemaps to guide development. Built and executed automation workflows to streamline processes, and developed interactive Power BI dashboards for data analysis and reporting. Collaborated with teams to integrate design, functionality, and data insights into cohesive digital solutions.
